@ Developed country (all others are "developing"). # OPEC country. X Not applicable.
0 Nil or negligible ($2.5 million or less), except that where "Supplier" (other than U.S.) and "Recipient" are single countries, "0" may mean: $50 million or less. (See last line of the table for total amount not distributed by individual recipient.)

NOTE: To avoid the appearance of excessive accuracy, the entries in this table are independently rounded, with greater severity for larger numbers. Totals here are the sum of the rounded components.

a Comparable totals in Tables III and IV do not agree precisely due to the fact that rounding was done at different stages of aggregation.

b US arms transfers to the World, Developed, and Developing groupings include transfers to NATO agencies as such and to other international agencies and classified transfers, which are not attributed to individual recipient countries or regions.

c Includes major equipment purchased by the U.S. Army Corps of Engineers for use in military construction projects in Saudi Arabia, recorded in U.S. accounts as imports to the U.S. These purchases, not attributable to individual supplier countries, are included under "Others".
